Taxus

Many years of pleasurable companionship gives us a most intimate knowledge of the Upright Japanese Yew (*Taxus cuspidata capitata*). We really feel there are few, if any, rivals among the evergreens.

Brilliant red berries appear after the plants become well established (possibly three years), adding immensely to the beauty of the Yew Hedge, the specimen, or the landscape group.

BOBBINK & ATKINS ◆ Rutherford, New Jersey

Now You May Have "THE HEDGE EVERLASTING"

A Yew Hedge is the best boundary-line you can put around your place.
Here is a special offer of select plants:

25-ft. hedge (plants 2 to 2½ ft. high) **$50.00**
50-ft. hedge (plants 2 to 2½ ft. high) **90.00**
100-ft. hedge (plants 2 to 2½ ft. high) **140.00**

Securely packed in stout wooden cases, without extra charge, delivered to Rutherford, N. J., freight or truck station. Purchaser to pay transportation charges (which should be nominal) from Rutherford, N. J. **At these special low prices your check should accompany the order.**

B. & A. Taxus Hedge three years after planting

A Taxus Hedge adds many dollars to the value of small homes or large estates
(This photograph taken 18 months after planting)

Taxus is dignified and graceful in groups or as a single specimen

The Hedge Everlasting (Taxus cuspidata capitata)

FOR CENTURIES Yew hedges and Yew trees have added to the charm of European countrysides, and rightly so, for no other evergreen hedge plant has so many good points.

1. Yews are definitely the hardiest of the better evergreens, withstanding extremely low temperatures.
2. The foliage is dark green during the whole year. It will not "brown" in winter.
3. While the Yews make a superb hedge, they have many interesting features when grouped with Rhododendron or other broad-leaved evergreens.
4. Yews may be clipped to any desired shape, and in any form are equally pleasing.
5. Yews are not particular as to soil or location, requiring only moderate feeding and cultivating until established.
6. In a general group the color-tones of the Yew tend to form a landscape picture that grows in value each year.

THE YEWS here presented (*Taxus cuspidata capitata*) are extra-heavy specimen plants, each with an individual leader. The root-system has been pruned several times, another proof of the care Bobbink & Atkins give to the "World's Choicest Nursery Products."

	Each	10	100
2 to 2½ ft. high	**$3.00**	**$27.00**	**$225.00**
2½ to 3 ft. high	**4.00**	**35.00**	**300.00**
3 to 3½ ft. high	**5.00**	**45.00**	**375.00**
3½ to 4 ft. high	**6.50**	**60.00**	**550.00**
4 to 4½ ft. high	**8.50**	**75.00**	**650.00**

5 or more at the 10 rate; 25 or more at the 100 rate

To Customers: Rail or express shipments requiring boxing and packing—add 20 per cent to these prices to cover packing charges. This is actually less than our cost. Shipments delivered to rail or express depot at Rutherford, N. J. Purchaser to pay transportation charges, which are usually very small.

To Customers within trucking distance of Nursery: Where we have no packing or boxing expense, the saving is passed on to you. When stock is placed on *your truck at our Nursery*, deduct 20 per cent from these prices.

Customers within a 25-mile limit of our Nursery are entitled to free delivery under certain conditions. Delivery is free on the days our trucks happen to be in a particular vicinity. We cannot deliver on specific days or at certain hours.

KOSTER BLUE SPRUCE

It's the "True Blue" that Everyone Admires

There is a vast difference between types of Blue Spruce. Some have only a mere tinge of blue; others may show a little stronger tone. **But only the Genuine Koster Blue has the rich blue tone** that is so admired. For many years this genuine Koster has been a specialty with Bobbink & Atkins. All trees are grafted, and all grafts selected from choice true blue specimens. You will be proud to own one or a hundred of these genuine Koster Blue Spruces. Prices are most attractive—it is an opportune time to buy. But remember, the quality is not to be compared with the price.

	Former Price	New Low Price
Select specimens, 3 to 4 ft. high	**$7.50**	**$6.00**
Select specimens, 4 to 5 ft. high	**10.00**	**7.50**
Select specimens, 5 to 6 ft. high	**12.50**	**8.75**

At this low price cash should accompany your order, to avoid expenses of book-keeping and billing.

Price includes packing and delivering to freight or express station in Rutherford. Purchaser to pay freight charges.

Twenty per cent (20%) **discount** will be allowed on Blue Spruce trees delivered **without packing** within 25 miles of Rutherford (trees balled and burlapped, of course).

Customers within a 25-mile limit of our Nursery are entitled to free delivery under certain conditions. Delivery is free on the days our trucks happen to be in a particular vicinity. We cannot deliver on specific days or at certain hours.
